

Volunteer Funding

refugeroot.ca

1-year field support for 20 volunteers | Budget: CAD 12,000

Purpose

Volunteer Funding helps cover essential 12-month field costs - transport, communication, and basic materials - so 20 RefugeRoot volunteers can stay focused on serving children.

This support keeps outreach consistent, improves coordination with children's homes, and strengthens follow-up for each child.

12-month targeted goals

- Provide reliable transport support for 20 volunteers to reach partner children's homes and project sites.
- Cover communication needs (phone, data) for coordination, safety, and rapid response.
- Supply basic field materials for child support activities and simple logistics.
- Offer a small training and safeguarding package to ensure quality and child protection standards.
- Track volunteer visits and outcomes monthly and report back to donors.
